Hungarian Couple Is Robbed

A young couple, formerly of Budapest, Hungary, were robbed Tuesday morning as they swam at Kentucky Dam State Park beach.

The couple were on their way to New Orleans from New York on a vacation trip and decided to stop at Kentucky Lake. They plan to stay now at the lake three or four more days.

The thieves took the couple's luggage and a camera. The couple noticed a young man carrying a suitcase, and thought it looked familiar. On investigation, they discovered their suitcases and camera had been stolen.

They reported the theft, and Sheriff Little soon rounded up five young men, none of whom reside in Marshall County, and the merchandise was recovered.

The young couple, married only a year, decided NOT to file charges after they got all their belongings back. The couple appeared in Judge Halton's court and told, in broken English, how they had fled Hungary. The young man, James Schulze, is a college graduate and expects to teach school in this country. His wife is a dental technician.

Kentucky Makes Bid For Nuclear Business

Kentucky got some more nationwide publicity in the Aug. 26 issue of "Business Week" magazine.

The full page article is headed "States Bid to Control Atom Industry."

The article says, in part: "Kentucky is pushing ahead with a plan under which it is to become the first state to take over industrial control of nuclear energy from the federal government—reversing the historic process that has transferred more and more of industry from the states to the U. S."

Other states under an amendment to the atomic act passed by Congress in 1959 allowing the shift of control.

"The states want to develop their own regulatory licensing programs as a means of attracting to their own territory a bigger share of the fast-growing nuclear enterprise, they seek to create a favorable climate for nuclear companies to obtain licenses to do business."

That's the gist of the page-long article.

A copy of the magazine, and the article, was sent to Crossion Miller, local businessman, by Mack Sisk, director of the Ky. Division of Industrial Promotion.

Mr. Miller is a member of the statewide committee on industrial development, and is one of Kentucky's most civic-minded business leaders.

Eligible voters must also (1) have an interest in a farm as owner, tenant, or share-cropper if they are of legal voting age, or (2) be in charge of the supervision and conduct of the farming operations on an entire farm if they are not of legal voting age.

Programs administered by the

Uncle Ned ... From Dogtown

DEAR MISTER EDITOR:

I see by the papers where they have outlived exposed shirt tails on the public streets in Florence, South Carolina. Any feller caught with his shirt tail hanging out gets fined \$12 and the court cost.

That's a mighty fine law and I aim to write the Mayor of that city and congratulate him. This fad of wearing your shirt tail blowing in the breeze is a abomination unto decency. In the first place, you never know if your shirt if the feller is wearing it out-side on purpose or whether it slipped out when he wasn't looking.

And you walk down the street a block wondering about that

instead of keeping your mind on your troubles.

Man is a ornery animal anyhow. For centuries he has been plagued with the job of keeping his shirt tail in. It would crawl out ever time he'd lunge for the butter at the table. And sometimes it would just jump out for pure cussedness.

A feller walking down the eye at church Sunday morning never knewed for shore if his shirt tail was in or out. It was a matter of constant concern for all modest men.

Then a few year ago, somebody come out with a invention to keep the shirt tail from crawling out. They put little rubber strips inside the waist band.

That turned the trick. It was a remedy for a bad situation that had existed since the first day man wore shirt tails.

And about the same day this smart inventor solved the creeping shirt tail problem, some other feller come out with this crazy fad of wearing the shirt tail on the outside. Sometimes I think man gits about what he deserves in this world.

I see where this column writer just back from Russia says ole Khrushchev ain't gitting no place with his horse meat program. I reckon it's prity hard to sell them Russians the idea they're burying the West with production and sell 'em a horse meat diet at the same time.

My sympathy is all for the horse and I'm agin horse meat as a matter of principle, but if horseburgers will help them Russians develop some horse sense, I'll go along with it for a spell, starting with Khrushchev.

Well, Mister Editor, fall is just around the corner, vacations is gitting over and folks will have to git down to work again. I've found that after 50 a feller still has lots on the ball, but it's

harder to git the ball rolling.

Most of the city kinfolks has all gone home from their summer visit and all us country folks has got to do now is refill the cupboard.

Yours truly,
Uncle Ned.

Mr. Brumley will serve as educational director. He will be assisted by Mrs. Brumley, who will work with the pre-school, primary and junior departments. Both Mr. and Mrs. Brumley are well qualified to do religious education work.

Mr. Brumley has attended Freed-Hardeman College, Murray State, Mississippi Southern and Harding College, receiving an M.A. in education from the latter. He taught in the public schools of Mississippi for six years. He also held a teaching fellowship while attending Harding College.

Mr. Brumley has written for the "Christian Bible Teacher" and "The Christian Leader." He has taught in the teacher training workshops at David Lipscomb College and Abilene Christian College.

Although Mr. Brumley's primary interest is Bible School work, he is an effective gospel preacher having served numerous congregations. Presently, he is chairman of the Educational and Psychology departments at Freed-Hardeman College, Henderson, Tenn.

Mrs. Brumley received both her B.S. and M.A. in education and psychology from Harding College. She has authored a

book for teaching the Bible to six year olds. She has also written for the "Christian Bible Teacher" and the "Christian Woman." In 1960, she was featured speaker for the "Training For Service" series in Memphis, Tenn. She also has taught at both the David Lipscomb College and Abilene Christian College teacher training workshops. Mrs. Brumley teaches both general and child psychology at Freed-Hardeman College.

Since Mr. and Mrs. Brumley are full-time instructors at Freed-Hardeman College, they will be in Benton only on weekends. Their ten-year-old daughter, Susan, will make the trips with them. While in Benton, they will be living in their trailer, which is parked across Olive Street from the church building.

The Benton Church of Christ extends its cordial welcome to all in the Benton area to come and study the Bible together in the Sunday morning and Wednesday evening Bible classes conducted each week.

20 Years Ago

Way back in 1941, which was 20 years ago, schools were getting underway with the fall term. The Benton school reported an enrollment of 249 students in the high school, and 375 in the grade school for a total of 624.

Now (in 1961) the school has an enrollment of 765 students.

A meeting had been held at the county courthouse to discuss the drainage of Clark River. (That's another project that has been on the agenda too long. We ought to get that settled one of these days.)

Eight young men from the county had been inducted into the Armed Forces for the coming of World War 2. The young men were James Morris, W. T. Solomon and Tillet R. Grissom of Benton; John Lorenzo Folio of Gilbertsville, Benny Evans Walters of Hardin, James Lealand Greer of Calvert City, Alvin York Miles of Elva, Willie Jones and Leonard Gamble of Benton Route 2.

Bisbee's Comedians was showing in Benton. Featured performer was Rube Brasfield. (Remember Bisbee's show and Rube? The show still gets around, but doesn't visit Benton any more.)

Clayton Perry of Brewers had won a statewide tobacco enterprise test at the FFA convention in Louisville. He was a son of Mrs. Bertha Perry.

The Maple Springs Methodist Church was having electric lights installed in the church building. No more coal oil lamps or Alladin lamps.

A paralytic stroke had claimed the life of Grover Treas, 51, of Benton. He was a member of the Treas Lumber Co. family. Elton Miller had died in Michigan of a heart attack at 39. Funeral and burial services were held in Michigan.

Births were numerous. A son was born to Mr. and Mrs. O. S. Jones of Route 5; a daughter was born to the Thomas Rileys of Birmingham, a son to the Albert Shannons of Calvert Route 2, a son to the Eddie Waltons, a son to the M. W. Haney of Oak Level, a son to the James Chambers of Benton Route 2, and a daughter to the Eldred K. Whites of Calvert Route 2.

And that's all the 1941 news for this week. See you soon.

Mr. and Mrs. Darrison Werner and family were recent dinner guests of her nephew, Rev. Jerry Oakley and family at Hickory Valley, Tenn.
